

Organic World Congress 2024

Bio-Tour Concept Note

Note for Bio-Tour Organisers

Thanks for contributing to the 21st Organic World Congress (OWC) by proposing to organise a Bio-Tour.

Bio-tour are:

- A 1 to 3-day event (29 November – 1 December 2024), before the OWC main conference (December 2-4, 2024).
- Proposed and organised exclusively by a stakeholder in Taiwan's agriculture or government sector, through a contractual agreement with the OWC Organizers.
- Dealing with a topic relevant for the Organic sector and in line with the congress' objectives or themes.
- Addressing stakeholders from all over the world and not a country or a region only.
- Organised in Taiwan.
- Included and visible on the OWC programme.

Please note that:

- You can submit your contribution **until the 31 July, 2024** by email to papers2024@owc-bio.org
- OWC organisers provide the platform for Bio-Tour organisers to host and promote their own Bio-Tour. There is no extra fee needed to pay OWC organisers.
- The OWC Organisers will assess the proposal and may ask for additional information.
- All proposals will be reviewed by a committee of international and Taiwanese experts. The evaluation will be based on the following criteria:
 - Content Integrity: 30%
 - Relevance to Organic Content: 40%
 - Event Attractiveness: 20%
 - Budget Reasonableness: 10%
- The Bio-Tour admission results will be communicated to all organisers prior to **the end of August**.
- The organiser may delay notification of admission results due to the review process.

For selected Bio-Tour:

- Bio-Tour organisers will organise the Bio-Tour and will cover the related organisation costs (*e.g. working time, flyer, travel costs, invited speakers, sponsoring, interpreters and equipment cost*).
- In order to ensure certain specifications, the details of expenses and cost sources should be included in the proposal.
- Bio-Tour organizers are authorized to charge a registration fee to participants of the Bio-Tour. Participants will pay this fee directly through OWC online registration and submission platform. Subsequently, the collected fees will be transferred to the bio-tour organizers.
- The registration fee may or may not include a fee for food for participants. This will be decided by the organizers of the Bio-Tours.

NB. For further questions, please contact papers2024@owc-bio.org

Steering committee members (and scientific board, if any)

Mrs. O O O , Yin-Chuan Sustainable Farm , Owner, Hualien

Mr. O O O , Jinfeng Township, Mayor, Taitung

Mrs. O O O , Hualien County Government, Hualien, Magistrate, Hualien

Main Objectives of the bio-tour

What are the aims of this Bio-Tour? What issue does it address? Why is it important? Maximum 1000 characters (incl. Spaces)

The primary goal of the Hualien and Taitung Organic Farm Bio-Tour is to immerse visitors in the principles and practices of sustainable agriculture. The itinerary focuses on organic farming techniques, emphasizing their roles in enhancing environmental health and biodiversity conservation. Additionally, it showcases the successes of organic agriculture in Taiwan. By highlighting the critical role of organic farming in maintaining ecological balance and enhancing community well-being, the tour aims to deepen understanding of local food systems.

In addition to showcasing organic agriculture, the tour includes a series of activities designed to provide visitors with first-hand experiences of Taiwan's Indigenous cultures. Participants will have the opportunity to experience unique arts and crafts, and taste foods prepared in traditional ways. These activities not only enhance understanding and appreciation of Indigenous cultures but also deepen

insights into how these cultures are intricately linked with the land. Moreover, interactive and participatory elements of the tour help visitors appreciate the significant role of Indigenous cultures in local ecology and environmental conservation, encouraging respect and support for these traditions and promoting the sustainable coexistence of culture and environment.

Main Topic(s)

Related to organic topic (e.g. Crop Cultivation, Livestock Industry, Aquatic Industry, Processing, Material Supply, Import and Export Industry, Retail and Marketing Industry, Organic Certification). Maximum 1000 Characters (incl. Spaces)

Based on the goals set for the Hualien and Taitung Organic Farm Bio-Tour, here are some focal areas to be discussed during the visit:

1. **Fundamentals of Sustainable Agriculture:** Engage in discussions about the core principles and advantages of organic farming, including minimizing environmental impacts, conserving biodiversity, and enhancing soil health.
2. **Achievements in Taiwan's Organic Agriculture:** Spotlight specific instances of successful organic farming initiatives in Taiwan that bolster local economies and community welfare.
3. **Organic Farming's Contribution to Ecological Stability:** Delve into how organic agriculture aids in sustaining ecological equilibrium through water conservation, carbon footprint reduction, and preservation of natural ecosystems.
4. **Incorporation of Indigenous Wisdom in Organic Practices:** Consider the traditional ecological knowledge and techniques of Taiwan's Indigenous communities that are woven into contemporary organic farming, boosting sustainability and resilience.
5. **Organic Agriculture and Community Dynamics:** Investigate the synergy between organic farming, local food systems, and community health, focusing on food sovereignty and cultural identity.
6. **Indigenous Cultural Expression and Artistry:** Examine the distinctive arts and crafts of Taiwan's Indigenous cultures, appreciating their role in cultural preservation and eco-friendly tourism.
7. **Heritage Foods and Culinary Practices:** Experience and discuss the culinary traditions of Indigenous communities, appreciating their nutritional benefits and cultural significance.

8. Indigenous Roles in Environmental Conservation: Discuss how Indigenous traditions contribute to environmental conservation through age-old land stewardship and biodiversity protection.
9. Sustainable Tourism's Challenges and Prospects: Address the hurdles and possibilities for advancing sustainable tourism that honors and sustains local Indigenous cultures and conserves the environment.

How does this Bio-Tour connect with the main conference theme, and what unique aspects of Taiwan's organic agriculture or culture does the journey showcase?

The main conference theme is: Cultivating Organic Solutions for True Sustainability.

. Through hands-on experiences and interactive learning, visitors will gain an in-depth understanding of the principles of sustainable agriculture and the value of indigenous culture, as well as explore their positive impacts on environmental health and biodiversity.

Targeted public (type of actors, regions of the world)

How many participants are you expecting?

Maximum 40 participants;

2024 世界有機大會

生態之旅(Bio-Tour) 概念說明

給有意願舉辦 Bio-Tour 者的說明

感謝您提案申請辦理 Bio-Tour，為第 21 屆有機世界大會(OWC)的舉辦貢獻心力。

Bio-Tour 是：

- 在有機世界大會（2024 年 12 月 2 日至 4 日）之前，舉辦為期 1 至 3 天的活動（2024 年 11 月 29 日至 12 月 1 日）。
- 由台灣農業相關團體或政府部門提議與策劃，並與 OWC 主辦方簽訂合約協議。
- 涉及與有機相關的主題，並符合大會的主題或投稿主題。
- 面向全球的有機從業者或利益相關者，而非僅限於某一國家或地區。
- 將在台灣舉行。
- 有機世界大會活動的一部份。

請特別注意：

- 計畫書須於 2024 年 7 月 31 日前透過電子郵件發送至 papers2024@owc-bio.org。
- OWC 主辦方將提供平台給 Bio-Tour 主辦方舉辦並宣傳活動，無需支付額外費用。
- OWC 主辦方將對提案進行評估，並可能要求提案人補充更多資訊。
- 所有提案會由國際和台灣專家組成的委員會審查，評選標準如下：
 - 內容完整性：30%
 - 與有機農業的相關性：40%
 - 活動吸引力：20%
 - 預算合理性：10%
- Bio-Tour 審查結果將在八月底前通知所有提案者。
- 如因審查相關因素，審查結果有可能延後通知。

對於已錄取的 Bio-Tour：

- Bio-Tour 主辦方將負責組織，並承擔相關費用（例如，工作時間、宣傳單、差旅費用、邀請講者、贊助、口譯員和設備費用）。
- 您的提案需詳述費用支出及成本來源。
- Bio-Tour 主辦方有權向參加者收取報名費，而參加者須透過 OWC 報名與投稿平台上報名並繳費，並由南華大學(台灣主辦方)代為收款，之後再直接轉交給 Bio-Tour 主辦方。
- 報名費是否包含參加者的餐飲費用將由 Bio-Tour 主辦方自行決定。

NB. 如果您有任何問題，請聯繫 papers2024@owc-bio.org

主要目標

活動的目的是什麼？它能解決什麼問題？它的重要性為何？最多 1500 字（包括標點符號）

花蓮台東有機農場生態之旅的主要目標是讓遊客深入了解永續農業的原則和實踐。此行程將重點介紹有機農耕技術，強調它們在增強環境健康和生物多樣性保護方面的作用。同時，也可以展現台灣有機農業的成果。通過強調有機耕種在維持生態平衡和增強社區福祉中的關鍵角色，此行程旨在促進對當地食物系統更深入的理解。

除了分享有機農業之外，我們還安排了一系列讓遊客親身髮掘台灣原住民文化的活動。遊客將有機會體驗獨特的藝術和手工藝製作，並品嚐以傳統方式準備的食物。這不僅增進了對原住民文化的理解和欣賞，也加深了對這些文化如何與土地緊密連結的認識。此外，行程中的互動和參與將幫助遊客體會原住民社博文化在當地生態與環境保護中的重要角色，進而鼓勵尊重和支持這些傳統方式，促進文化和環境的永續共存。

主要內容

與有機相關的主題（例如：作物栽培、畜牧業、水產業、加工業、材料供應、進出口業、零售和行銷業、有機認證等），最多 1500 字（包括標點符號）

1. **永續農業的原則**：探討有機農業技術的原則和益處，包括減少環境影響、保護生物多樣性和改善土壤健康。
2. **台灣有機農業的成就**：突出台灣在有機農業實踐方面的成功案例，展示它們如何促進地方經濟和社區福祉。
3. **有機耕種在生態平衡中的作用**：深入探討有機農業實踐如何幫助維持生態平衡，包括水資源保護、減少碳足跡和自然棲息地的保護。
4. **原住民智慧與有機農法的整合**：考慮台灣原住民社群的傳統生態知識和技術如何融入當代有機農業實踐，增強其可持續性和韌性。
5. **有機農業與社區動態**：研究有機農業與地方食物系統及社區健康之間的聯繫，強調食物主權和文化身份的重要性。
6. **原住民文化表達與藝術**：審視台灣原住民文化的獨特藝術和工藝品，了解它們在文化保存和生態友好旅遊中的作用。
7. **傳統食品和烹飪傳統**：體驗並討論原住民社群的烹飪傳統，欣賞其營養價值和文化意義。
8. **原住民在環境保護中的作用**：討論原住民傳統如何通過古老的土地管理和生物多樣性保護貢獻於環境保護。
9. **永續旅遊的挑戰與前景**：解決促進永續旅遊的挑戰和機遇，這種旅遊尊重並支持地方原住民文化，同時保護自然資源。

這個生態之旅如何與主會議主題相關聯？或為什麼這個主題對於當前有機領域發展至關重要且具獨特性？

大會主題是：深耕有機·實現永續

通過實地體驗和互動學習，讓遊客深入理解永續農業的原則和原住民文化的價值，並探索其對環境健康和生物多樣性的積極影響。
